BOOK DESCRIPTION

A masterpiece by Frankl, this book gives one a why to live. The book is divided into two main parts: Experiences in a Concentration Camp and Logotherapy in a Nutshell. This is one of the best books telling the living experiences of WWII. The realities of a concentration camp were so dreading and disastrous that I thought they are imaginary. The writer writes so simple, neat and clear inasmuch as it leads one to not leave the story in between and take a break. It is not about just sad but how he thinks people can find meaning in even the hardest parts of life.
